ELIMINATE "PORK" FROM APPROPRIATIONS

President Sends Out Word That No Grabs Will Be Allowed

Washington, Nov. 23.—"Pork" must be eliminated from the coming winter legislation. The administration so decreed today.

It was intimated that the president will veto the omnibus public buildings bill and possibly the big rivers and harbors bill. At any rate, the word will go forth to leaders that "pork" must be sliced relentlessly from these measures and that appropriations for various districts must not be included merely for the purpose of establishing the prestige of their congressmen.

In view of this warfare, some authorities suggested that the president will find it increasingly difficult to "put across" his increased military preparedness program. "Pork" admittedly is dear to the heart of every congressman, and there were veiled suggestions that the president must permit "reciprocity" if he wants his program to succeed in toto.

The president's first message regarding revenues for the program was discussed in this morning's cabinet session. The general cabinet opinion appears to favor getting the required funds by lowering the income tax exemptions, and by sugar and wool duties.

Meantime, there is a growing misgiving as to what part former Secretary of State Bryan will play in the thwarting of administration plans. The political experts believe increased military provision will be made, but there have been hints that the republicans are not entirely ready to let the measure go through labelled "democratic," and for that reason will suggest some shifts. Administration followers say, that on the whole, the republicans and the democrats will be for the program and that no contingent will risk opposition to the measure with possible ill political results to themselves.

Mann Will Confer

Washington, Nov. 23.—Minority Leader Mann, of the house, accepted today President Wilson's invitation for a conference concerning the military preparedness program at the White House next week. He announced that if the president asked his advice on the subject of raising revenues to meet the proposed increased military expenditures, he would recommend revision of the tariff as the best means.

In this connection, the minority leader plans to introduce in the house a bill for creation of a non-partisan expert tariff commission, a means of adjusting tariff questions, long urged by the republican party.

Mann expressed the hope that the Bull Moosers and republican congressmen will amalgamate in the coming session and announced that Representative Chandler, Bull Moose of New York had asked to be enrolled as a republican. Others, he advised, desire to do the same.

- browned perfectly on top, without being baked hard;
 - a top crust that is velvety in texture;
 - white as snow inside, breaking open with an appetizing softness;
 - and so light in weight that you wonder how they can be made.
- That is exactly the kind of biscuits made with

Why's "Gets-It" for Corns, Like a Kiss?

Because Everybody Tries It, Everybody Likes It. It's Painless and Takes But a Moment to Apply.

"Gets-It" is the wonder of the corn-patched world. Millions say so, because millions have used it. That's what makes it the biggest selling

corn remedy on earth today. "Gets-It" will surely get that corn or callus you've been trying for a long time to get rid of—take it right off "clean as a whistle." Apply it in 2 seconds, —put your stocking and shoe right over it—nothing to stick, nothing to hurt. You needn't fuss with thick bandages that make a package out of your toe. No knives, razors and scissors, no tape, no trouble. It's simplicity itself, sure, quick, painless. Try it also for bunions and warts.

"Gets-It" is sold at all druggists, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

THE MARKETS

Navel oranges are now on the market at \$4.75 a box. Green beans are quoted at 12 1/2 cents and California head lettuce from \$2.50 to \$2.75.

Wheat remains at the price maintained for the past four weeks and oats at 35 cents.

Eggs are coming in faster than the local market can take care of them and the prospects are good for a reduction of probably two cents a dozen within a few days. At least that is the opinion of several grocers who handle eggs for home use and occasionally for the Portland market.

THE AMERICAN ATROCITIES

"Is the Armenian martyrdom the worst in Christian history?" asks Wm. E. Ellis, the noted newspaper man, and then shows that the present campaign of extermination on the part of the Turkish empire against the Armenian Christians has scarcely had a parallel in all the centuries. He maintains that Nero at his worst was lenient to Christians compared with the modern Turks in this year of our Lord 1915.

An Armenian who has spent a lifetime in Turkey writes under the date of October 7, "Take five hundred Lusatia horrors and roll them into one, and still they cannot match what is now taking place."

"In one town twelve hundred men were herded together an hour's distance away from their homes and literally hacked to pieces with axes, being denied the dignity of death by shooting."

The Ministers' association has designated the Armenian sufferers as the object to which the offerings of the union Thanksgiving services shall be devoted. The New York committee on Armenian Atrocities to which this offering will be sent is headed by such men as John R. Mott, the international secretary of the Y. M. C. A., and by
